### **F A C T S H E E T**

#### **Active Ingredients by Wt.**

Sulfur.....	0.20%
Pyrethrins.....	0.01%
Other Ingredients.....	<u>99.79%</u>
Total.....	100.00%

### **Directions**

Read all directions prior to use. Shake well and thoroughly spray all areas of the plant, especially new shoots. For best control apply as a protective spray early in the season before the diseases are noticed.

#### **For Use on:**

Roses, flowers, ornamental trees and shrubs, vegetables, fruits, nuts and houseplants.

#### **For Control of Fungal Diseases:**

Controls wide range of fungal diseases including: black spot, powdery mildew, rust, scab, blight, brown rot, and leaf spot. Thoroughly spray all areas of the plant, especially new shoots. For best control apply as a protective spray early in the season before the diseases are noticed. Re-spray every 7 to 10 days or after rain. May be used up to day before harvest.

#### **For Control of Insects / Mites:**

Controls wide range of pests including: aphids, mites, spider mites, leafhoppers, caterpillars, whiteflies, spittlebugs, mealybugs, scale, thrips, psyllids, plant bugs, lacebugs, fruit flies and earwigs. Thoroughly spray all areas of the plant, especially new shoots and underside of leaves. Pests need to be contacted by the spray to be controlled.
