Earth-tone®
4in1 Weed Control
F A C T S H E E T

Active Ingredients by Wt.

Ammoniated Soap of Fatty Acids.....	3.68%
Maleic Hydrazide.....	0.50%
Inert Ingredients.....	95.82%
Total.....	100.00%

Directions

Read all directions prior to use. Shake well before using. Spray weeds until foliage is wet. Thorough coverage is important. Repeat treatment to control new weeds growing from seed and re-growth from biennial and perennial weeds. Avoid spraying desirable plants. Contents of this container will cover 70 square feet.

Use Sites:

Use on weeds, grass, moss, and algae around and on buildings, sidewalks, fences, driveways, patios, and flower gardens, landscaped areas, and trees.

Weeds Controlled:

Controls or suppresses most weeds, grasses, moss and algae, such as (but not limited to): annual bluegrass, barnyardgrass, black medic, broadleaf filaree, burclover, cat's-ear, common chickweed, common groundsel, common lamb's-quarters, corn spurry, creeping buttercup, curled dock, dandelion, English daisy, false dandelion, fiddleneck, foxtail fescue, geranium species, large crabgrass, lady's-thumb, locoweed, low cudweed, lupine, mouse-eared chickweed, mustard species, oxalis, plantain species, red clover, redroot pigweed, round leaved mallow, rush, sheep sorrel, shepherd's-purse, spiny annual sowthistle, stinkweed, wild carrot, wild hyacinth and white clover.

Other Product Information:

Use any time during the year. Areas can be re-sown five days after treatment. Prevents plant re-growth for up to 6 weeks. Does not stain concrete or asphalt.
